

Standards Revision Meeting

June 27th 2024

Meeting minutes

Intros and welcomes

Darald Hanusa, Ann Kappauf, Jolynn Woehrer, Kendra Ferron, Chris Taylor, Alena Taylor

Update on governor's council discussion around our work group

Governors council will officially determine the status of the work groups in terms of if they qualify under open meeting laws or not on July 10th

July meeting cancelled

Speaker for August meeting

Vermont Heather Holzer director of their council will come and present to the group and what their process looked like, how did they maneuver the changes with their stake holders and other systems.

Updates on stakeholder meetings from Jolynn

New folks to the group should get ahold of Jolynn to have a stakeholder meeting and gather data. Interviews continue with others as well. Collectively they are going very well, and we are gathering rich perspective from various areas of the system. Finding more commonalities they previously thought, just working on how to implement.

Questions posed; did we record any of the interviews? Answer: no due to safety and privacy. But there are extensive notes that we will create a very detailed document with all the data and info.
