The state committee replied that training is proceeding well.

b. **Mandatory registration in BASERS, effective July 1, 2021**

Mr. Smith reiterated that, effective July 1, all sponsors must do the following: register in BASERS; register all new contracts in BASERS; and experiment with performing all contract actions through BASERS and notify the Bureau of any technical or administrative difficulties.

All local committees perform all required actions and believe BASERS works very well. Local 65 reported it is replacing its computer systems, which will delay data entry.

Local 65 reported it hires external, certified instructors to teach the course. Mr. Smith encouraged the organization to train its own staff.

h. Supportive services and OJL reimbursement for registered apprentices

Mr. Smith explained the reimbursements available to sponsors and apprentices, the eligibility criteria, and the points of contact. Representatives of WRTP/ BIG STEP commented that graduates of their certified pre-apprenticeships would qualify.

Looking ahead...

- DWD-BAS will be reorganizing instructional program groups into new industry sectors: currently Construction, Industrial, and Service. This will at some point affect future version of the report, which WTCS will adapt to match DWD-BAS guidelines.
- Please keep WTCS in mind if you have captured apprenticeship-related imagery, especially regarding new apprenticeship programs and those featuring demographic minorities.
- Contact: nancy.nakkoul@wtcsystem.edu or dan.arneson@wtcsystem.edu

6

Distribution

- WTCS will be distributing a web link in lieu of printing a physical report this year, please bookmark and share widely the link to the electronic version of the most recent Apprenticeship Completion report, which again demonstrates strong outcomes and the value of Wisconsin's earn-while-you-learn apprenticeship model to individuals and employers. The link will be distributed to the following:
 - DWD - Bureau of Apprenticeship Standards
 - Wisconsin Apprenticeship Advisory Council
 - State Trade Committees (Apprenticeship Advisory)
 - WTCS Board Members
 - WTCS Apprenticeship Coordinators
 - College Marketing Teams
 - WI High Schools - Counselors

Dear Apprenticeship Sponsor:

Last summer, our agency advised you via letter that within one year, by July 1, 2021, all apprenticeship sponsors will be required to register in the Bureau of Apprenticeship Standards Electronic Registration System (BASERS) and use the interface to enroll incoming apprentices. At its February 9, 2021 meeting, the Wisconsin Apprenticeship Advisory Council affirmed its support for our agency's BASERS policy and the July 1 deadline.

Sponsors who have not yet registered in BASERS, or those who need further assistance using the platform, should contact their Apprenticeship Training Representative promptly. The ATRs can provide the necessary technical assistance to meet the July 1, 2021 deadline.

BASERS is an intuitive, self-service website for sponsors developed as part of a national initiative toward registered apprenticeship expansion and modernization. The ongoing COVID-19 pandemic has only underscored the benefits of conducting business through a virtual system like BASERS, which connects stakeholders across the state without the need for face-to-face contact.

The benefits of BASERS, once a sponsor has registered, are as follows:

- Faster creation and approval of contracts;
- Increased access to information about a sponsor's own program;
- The capacity to initiate and track contract actions such as cancellations, work assignments, and completions;
- The ability to ensure records are accurate before finalization.

Thank you for your continued support of Wisconsin Apprenticeship.

Sincerely,

Joshua A. Johnson, State Director
Wisconsin Apprenticeship

Dear Apprenticeship Employers:

The [link](#) is now live to access information on applying for on-the-job learning reimbursements through Wisconsin Apprenticeship grant funds. Follow the instructions offered in the [link](#) and review the information in this email regarding eligibility. The deadline for submitting questions regarding this announcement is March 5th at 2 p.m. CST. Awards may be made as soon as March 15th. Applications will be reviewed in the order in which they are received. Questions can be sent to our grants mailbox at dwddetgrants@dwd.wisconsin.gov.

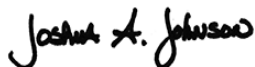

The on-the-job learning reimbursements are part of a Wisconsin grant initiative, using federal grant funds, to help defray the extraordinary costs of training apprentices. Employers may be eligible for up to a \$1,000 reimbursement for each apprentice that they hired between July 1, 2019 and January 30, 2021, as long as the apprentice meets one of the following criteria:

- The apprentice previously completed a Wisconsin Youth Apprenticeship program in any career cluster; or
- The apprentice previously completed a state certified pre-apprenticeship program in any job sector. A detailed list of Wisconsin certified pre-apprenticeship programs can be found [here](#); or
- The apprentice was hired to work in the IT, Healthcare, Bio-Tech, Transportation, Agriculture or Financial Services sectors.

Employers may only receive one on-the-job learning reimbursement per apprentice that meets the qualifying criteria and cannot request reimbursement for the same apprentice more than once.

Thank you for being valued Wisconsin apprenticeship employers and sponsors.

Sincerely,

Joshua Johnson, State Director
Wisconsin Apprenticeship

MyWTCS Website Re-Design and Launch: New Apprenticeship Resources for [Preparing to Teach Transition to Trainer \(PT2TT2T\)](#)

MyWTCS is an intranet site for the Wisconsin Technical College System and stakeholders. Launched in February 2021, the newly re-designed site includes a new look and improved functionality and features, including additional apprenticeship resources such as the administrative guidance and teacher trainer course offerings for the Transition to Trainer course. The site can be found at: <https://mywtcs.wtcsystem.edu/>

New Proactive Approach to Revisions of Apprenticeship Related Instruction offered through the WTCS

Starting in 2021, the WTCS and BAS have adopted a 5-year cycle revision framework for all systemwide apprenticeship curriculum where related instruction is offered at more than one WTCS college. Approximately sixty systemwide apprenticeship programs have a documented curriculum standard model that will form the foundation for review of program and course outcomes and competencies. Apprenticeship faculty, industry sponsors and State Apprenticeship Trade Advisory Committees will be engaged in the review process. This proactive approach will ensure that learning remains current with industry needs and technological advancements. Program assignment within the 5-year cycle will remain fluid.
