Early Intervention Fundamentals 101 – Becky Hoffman/RESouce Team

- Becky Hoffman opened the discussion/presentation with an overview of the Foundations of the Birth to 3 Program along with Dr. Aryn Slack.
- Shared the four components of Birth to 3 Program:
 1. Legal foundation
 2. Universal mission and Key Principles
 3. Recommended practices
 4. What early intervention (EI) looks like in Wisconsin
- Individuals with Disabilities Education Act (IDEA) Part C and DHS 90 regulatory framework
- Shared Mission and Seven Key Principles (Looks Like & Doesn't Look Like) of EI, derived from a national workgroup of researchers and practitioners.
- Brief reference to the Division for Early Childhood (DEC) Recommended Practices (RP).

- Council questions and discussion
- Next Steps: determine additional uses for this and similar orientation materials.

Child Outcomes Discussion (Matt Rundle)

- Matt Rundle provided the background on the federal Office of Special Education Programs (OSEP) indicator 3 “Child Outcomes.”
- Indicator 3 indicator has been in decline for the past four years but also occurring nationwide. Wisconsin trend was mirroring the nation; however, is still below the national average.
- Indicator 3 decline remains a Bureau of Children’s Services (BCS) top priority.
- Birth to 3 Programs reported five factors impacting Indicator 3 decline.
 1. Workforce shortage and turnover
 2. Lack of funding and resources
 3. Impacts of the pandemic
 4. Unknown or inconsistent EI practices
 5. More accurate outcome ratings
- There have been several projects and initiatives implemented in an effort to reverse the downward trend with Child Outcomes with a particular focus on social emotional development (Outcome 1).
- This will remain a top priority for the Birth to 3 Program.
- Review of the most recent Child Outcome results.
 - All three Child Outcomes are showing a positive increase.

Data Dashboard Review

- Counties can now access their annual Determinations, Child Outcomes, and annual performance review (APR) on the Wisconsin Birth to 3 webpage.
- Matt walked through how to locate county Determinations results, Child Outcomes data, and identified Child Outcome related resources.
- Matt demonstrated how to navigate the new interactive Child Outcomes webpage.

Infant Mental Health Consultation (IMHC) and Social and Emotional Development (Clara De La Garza and Tessa Freedberg)

- Partnering with UW Capstone with this project
- This is a two-part project pilot.
 - Part 1: Five counties piloting IMHC as an individualized family service plan (IFSP) team member
 - Part 2: Statewide child level IMHC consulting pilot for selected cases from Child Abuse Prevention and Treatment Act (CAPTA) referral.
- Both pilots run through the American Rescue Plan Act (ARPA) funding September 2023.

IMHC National Technical Assistance Cohort

- Cross-state cohort with eight other states
- Cohort 1
- This project is sponsored through Early Child Technical Assistance (ECTA), which is supported through OSEP
- Four overall key objectives
 - Learn from national leaders about Infant and Early Childhood Mental Health (IECMH) policies and practices
 - Build partnerships with state agencies to promote and align IECMH
 - Develop short term and long-term action plan to implement IECMH
 - Learn about the experiences and efforts of other states

2023 ICC Council Priorities

- Jacci Borchardt – Mental health consultation and exploration to the “model”
- Jacci Borchardt – Learn more about how children with sensory delays and to improve access to the Birth to 3 Program
- ARPA
