

Approved Minutes of the
Construction Craft Laborer
State Apprenticeship Advisory Committee

March 18, 2020

Webinar

Members Present	Organization/Employer
Dehnhoff, Brian	Laborers Local 268
Denewellis, Jennifer	Michels Corporation
Foye, Jim	Laborers Local 464
Griffith, Tracey	Payne & Dolan
Hoernke, Damien	McCabe Construction, Inc.
Jensen, Clark	Laborers Local 140
Marcelle, Tony	Laborers' Local 330
Miller, Kent	WI Laborers District Council
Neira, Anthony	Laborers Local 113
Peterson, Timothy	James Peterson Sons, Inc.
Schmitt, John (Co-Chair)	WI Laborers' District Council
Topp, John	ACEA
Members Absent	Organization/Employer
Grohmann, Gert	AGC of Greater Milwaukee
Consultants & Guests	Organization/Employer
Emrick, Leigh	Associated Builders & Contractors
Johnson, Joshua	Bureau of Apprenticeship Standards
Kasper, Andrew	Bureau of Apprenticeship Standards
Smith, Owen	Bureau of Apprenticeship Standards
Wiatt, Ray	Laborers Training Center

1. The meeting was called to order at 10:05 a.m. by John Schmidt, Committee Co-Chair, in conformance with the Wisconsin open meeting laws.
2. Mr. Owen Smith recorded attendance. A quorum was present.
3. The committee held a moment of silence in memory of Mr. Dan Zignego. The Employer vacancies left by Mr. Zignego and Mr. Hunter Bohne will be filled by Associated Builders & Contractors. The Employee vacancy left by Mr. Craig Zeigler will be filled by labor.

4. Old Business

a. Review the follow-up items from the previous meeting

i. For action: approve the minutes

The committee approved the minutes as written.

ii. Assessing applicants with Accuplacer Next Generation

Mr. Owen Smith reminded attendees that the state committee preferred to revisit the Accuplacer Next Generation scores at this meeting to determine whether they are sufficient or warrant revision.

Mr. Ray Wiatt and Ms. Leigh Emrick reported that the minimum scores have been working well and do not need to change.

b. Implementing revisions to CFR 29.30

Mr. Kasper updated attendees on the Bureau's progress:

- The Bureau's overall approach is to educate and assist sponsors, not punish them.
- BAS plans to meet with sponsors this summer to discuss the revisions, implementation, and expectations. The meetings will likely be held via webinar.
- The Bureau will use its AA/EEO website as the primary reference for sponsors and apprentices. The page can be accessed from the BAS homepage by clicking the AA/EEO tab on the left.
- BAS updated its information management systems to send automated disability disclosure forms to apprentices; if apprentices choose to complete the form, a copy is sent to the sponsor and ATR. This helps BAS meet the new requirement to track apprentices with disabilities for sponsors with five or more active apprentices.
- Sponsors should email their questions to Mr. Kasper.

Attendees did not have questions or comments.

c. Industry-Recognized Apprenticeship Programs

Director Johnson reported that IRAPs have been implemented nationally and the construction sector was not included. The Bureau, as the approving agency of all apprenticeships in Wisconsin, will deny IRAPs in Wisconsin and instead discuss flexible options available through registered apprenticeship. More information is likely to come, so the Bureau will keep the state committees informed.

Attendees did not have questions or comments.

d. Federal grants to expand registered apprenticeship

The Bureau has three active federal grants. The first, WAGE\$, is proceeding well. The Bureau anticipates meeting all over its targets except total number of apprentices in new occupations, which is not a surprise because the first programs in new sectors grow slowly at first.

The second and third grants—the State Apprenticeship Expansion (SAE) grant and the Apprenticeship State Expansion (ASE) grant—will help integrate registered apprenticeship into the workforce system. Through the SAE grant, the Bureau will reimburse sponsors for hiring graduates of certified pre-apprenticeship programs. Through the ASE grant, the Bureau funded two full-time Apprenticeship Navigators in the Milwaukee area. The Navigators will connect registered apprenticeship sponsors with the workforce community—WIOA certified individuals, youth apprenticeships, certified pre-apprenticeships, offenders—and will reimburse registered apprenticeship sponsors for certain costs of on-the-job learning.

Attendees did not have questions or comments.

e. Revisions to www.WisconsinApprenticeship.org

Director Johnson reported that the Bureau received permission from the Department of Workforce Development to re-revise its website to look and function differently than the DWD template. The request was influenced by claims from featured sponsors that the recent redesign made their contact information more challenging to access. The Bureau will revise the site this summer.

Attendees did not have questions or comments.

f. Apprenticeship Completion Award Program (ACAP)

Director Johnson reported that ACAP continues to be a strong example of bipartisan support for registered apprenticeship. He reviewed the most recent totals and noted that the denied reimbursements will always be greater than awarded reimbursements because the maximum reimbursement is 25% of total costs or \$1,000, whichever comes first. He shared that the Bureau is further automating its ACAP processing system to eliminate opportunities for errors. The Department will likely request that ACAP is included in the next biennial budget request.

The state committee asked why denied reimbursements exceed awarded reimbursements. Director Johnson replied that requests are denied for the following reasons: the entity is ineligible; the entity is eligible but did not submit the proper documentation; the entity is eligible, submitted the proper documentation, and requested a greater reimbursement for which they qualify.

g. Other

Attendees did not have additional topics.

5. New Business

a. Lessons learned from DWD tour of Germany Apprenticeship Program

Director Johnson reported that he, Secretary Frostman, and several WI Apprenticeship stakeholders visited Germany to tour the Germany Apprenticeship Program. He stated the visit was invaluable in learning how WI Apprenticeship could improve and how it works very well already, within the context of U.S. society.

He noted several key take-aways:

- Apprenticeship in Germany is a socio-economic institution. Many, many industries and occupations train workers through registered apprenticeship, and students qualified for apprenticeships are tracked as early as fourth grade. These dynamics are possible due to greater government involvement in industries and the K-12 institutions.
- Similarly, apprenticeship in Germany focuses almost exclusively on preparing students and youth; apprenticeship is rarely used by adults to change careers because they would be far behind the skill level of youth. In contrast, Wisconsin Apprenticeship focuses mostly on

- helping adults prepare for careers, and Wisconsin Youth Apprenticeship focuses on broadly exposing participants to a career cluster or industry rather than prepare for an occupation.
- WI Apprenticeship works very well within the contexts of U.S. society. Involving K-12 students in career and technical education is very important. Although the U.S. secondary school system would not accept "tracking" students early, students are now required to begin "academic career planning" in middle school.
- Therefore, the most feasible means of strategically positioning Wisconsin Apprenticeship in the K-12 system are to include youth and registered apprenticeship as options within academic career planning and to promote bridging youth apprenticeship to registered apprenticeship.

Attendees did not have questions or comments.

b. 2021 Biennial Apprenticeship Conference

Director Johnson reported that the conference will be held February 22-24, 2021, at the Wilderness Hotel in the Wisconsin Dells. The planning team has begun meeting. The specific theme, workshops, and speakers are under discussion, but the primary focus will be that apprenticeship is for everyone, e.g. every sector, worker, student, partner, etc. The Apprenticeship Expo will be included. By summer, the Bureau will launch the EventBrite registration and mail a save-the-date notice.

Attendees did not have questions or comments.

c. 2020 National Apprenticeship Week

The 2020 National Apprenticeship Week was not yet announced nationally, so the Bureau will observe Wisconsin Apprenticeship Week the week of November 8-14.

Ms. Tracey Griffith reported that Building Advantage may reschedule their hands-on event at the Expo Center to National Apprenticeship Week. Director Johnson thanked Ms. Griffith.

d. Revising Transition to Trainer

Director Johnson reported that the Bureau, Wisconsin Technical College System, and Worldwide Instructional Design System have begun revising "Transition to Trainer." The revisions will make the course more accessible to non-traditional apprenticeship occupations, update terminology and learning activities, and introduce on-line delivery of specific modules. The project is led by WTCS and includes an industry focus group of trainers from traditional and new sectors.

Attendees did not have questions or comments.

e. BAS leadership and personnel changes

Director Johnson thanked attendees for their letters of support for his acceptance as Bureau Director. He emphasized that his vision is to innovate registered apprenticeship by integrating it further with certified pre-apprenticeship, youth apprenticeship, technical diplomas, and more.

Additional personnel changes include the following:

- Tommy Myles, Apprenticeship Navigator
- Dawn Pratt, Apprenticeship Navigator
- Milton Rogers, Apprenticeship Training Representative for Madison
- Corey Popp, Apprenticeship Training Representative for Madison
- Melissa Kendhammer, Apprenticeship Training Representative for La Crosse
- Chris Landerman, Apprenticeship Training Representative for Appleton

f. Other

i. Related instruction during COVID-19

Director Johnson thanked attendees for their flexibility in meeting via webinar. He emphasized that COVID-19 is an unprecedented occurrence, so the Bureau fully supports sponsors and technical colleges in proceeding at their discretion in a manner that they deem safe. The Bureau requests only that sponsors and technical colleges ensure that apprentices eventually receive the proper instruction so they can complete the program. Director Johnson noted that all Bureau staff will work from home mid-March through May.

Mr. Wiatt asked how sponsors should move forward with contract actions. Director Johnson replied that he defers to the sponsor's discretion. All contract actions can be performed remotely through BASERS and BASERS questions should be directed to the Apprenticeship Training Representative or Mr. Dominic Robinson.

A state committee member asked whether local committees can hold meetings and closed session meetings via webinar. Director Johnson replied that he has yet to discuss that with local committees because of the inherent risk of holding closed sessions virtually. He stated he will consider it but he prefers local committees hold closed meetings confidentially.

ii. Lead abatement training opportunity through WI Dept. of Health Services.

Mr. Owen Smith reported that the WI Dept. of Health Services will reimburse training centers for lead abatement training for apprentices and journey workers through its Lead Safe Homes program. He asked representatives of local committees and training centers if they would be interested in learning more. He is informally gauging interest during the state committee season and will email an official letter, background information, and interest survey in May.

Mr. Wiatt and Ms. Emrick replied that they would be interested in learning more. Mr. Wiatt noted that lead abatement is included in the joint apprenticeship committees' related instruction based on demand and has not been widely used. It is usually dependent on specific projects.

6. WTCS Update

Ms. Nancy Nakkoul reiterated that technical colleges have been moving instruction to online delivery in response to COVID-19. She thanked sponsors and the Bureau for their support.

Ms. Nakkoul reported the following items:

- The WTCS Apprenticeship Completer Report is now online. The response rate increased to 43%; the median salary increased to \$80,344; and respondents reported 92% satisfaction with on-the-job learning and 96% satisfaction with related instruction. The report now includes data on apprenticeships in new sectors, although the data is limited. The WTCS is researching methods to account for differences in over-time in the salary reporting.
- Unduplicated enrollment in apprenticeship programs increased by 9.9% from the prior year.
- The master chart of related instruction via each technical college is available online.

Attendees did not have questions or comments.

7. Review the program participants.

Mr. Smith stated the participant report was not included in the meeting material because he could not access the database while working at home. He will email the report to attendees after the meeting.

8. The Bureau will schedule the next meeting via online survey.
9. The meeting adjourned at 11:05 a.m.

- c. 2020 National Apprenticeship Week
- d. Revising Transition to Trainer
- e. BAS leadership and personnel changes
- f. Other

6. Review the program participants.
7. Schedule the next meeting.
8. Adjourn.

WAGE\$ Apprentices and Sponsors by Occupation Spring 2020 Committee Update

The Wisconsin Apprenticeship Growth and Expansion Strategies (WAGE\$) grant is a 5-year, \$5 million grant from the US Department of Labor. The purpose is to expand Registered Apprenticeship in Advanced Manufacturing and develop new programs in Information Technology and Health Care. The grant started October 1, 2015, and will conclude September 30, 2020.

- The overarching goal is 1,000 apprentices in the occupations selected for grant support.
- The table below shows the number of apprentices and sponsors in each occupation.
- Community Health Worker and Cybersecurity Specialist are in development.
- Pharmacy Technician was recently completed.
- Data Analyst has four apprentices that are being counted by Employ Milwaukee, Inc.'s sister grant. There is one Data Analyst sponsor.

WAGE\$ Apprentices by Occupation Cumulative 10/01/2015 - 03/08/2020 <small>This report includes apprentice contract records which, during the selected report period, match the following criteria: CONTRACT DISTRICT= ALL, CONTRACT SECTOR= ALL, CONTRACT TRADE=Industrial Manufacturing Technician;Maintenance Technician;Mechatronics Technician;Welder - Fabricator;Welder / Automated Welding;Software Developer;Pharmacy Technician, Retail Store;Medical Assistant;IT Service Desk Technician;Data Analyst;Broadband Service Technician;Cybersecurity Analyst, CONTRACT TYPE(s)=Apprentice, APPR SEX= ALL, APPR MINORITY= ALL, APPR RACE(s)= ALL, ER WDA= ALL, ER COUNTY= ALL, ER NAME= ALL, ER UI= ALL, INMATE= ALL, SCHOOL NAME= ALL, SPONSOR TYPE(s)= ALL, SPONSOR NAME(s)= ALL, TRANSFER TO= ALL, TRANSFER FROM= ALL</small>				
Occupation Name	Count Sponsors	Count App	Female	Minority
Report Total:	Total 205 sponsors	633	63 (10%)	99 (16%)
Industrial Manufacturing Technician	12 sponsors	135	19 (14%)	37 (27%)
Maintenance Technician	131 sponsors	329	4 (1%)	30 (9%)
Mechatronics Technician	37 sponsors	90	2 (2%)	6 (6%)
Welder / Automated Welding and Welder - Fabricator	15 sponsors	34	1 (3%)	4 (12%)
Broadband Service Technician	1 sponsor	1	0 (0%)	0 (0%)
Data Analyst (4 apprentices but all are counted by Employ Milwaukee)	1 sponsor	0		
IT Service Desk Technician	4 sponsors	4	1 (25%)	1 (25%)
Software Developer	3 sponsors*	2	2 (100%)	0 (0%)
Medical Assistant	1 sponsor	38	34 (89%)	21 (55%)
*Number of sponsors is greater than the number of apprentices because one apprentice left one job and started with a different sponsor

WTCS System-Wide Activity Update March 2020

WTCS-BAS 20 Apprenticeship Completion Report

The 2020 WTCS-BAS Apprenticeship Completer Report is now available online. The report contains employment, wage and training satisfaction outcomes for apprentices completing their programs in 2016-17. It can be found here: [2020 WTCS-BAS Apprentice Completer Report](#)

- Of the 1,143 completers surveyed, 488 (43%) responded. (In the prior year report, 847 completers were surveyed and response rate was 39%.)
- Respondents reported a 92% satisfaction rate for on-the-job training and 96% for classroom instruction.
- Median salary across all trades increased to \$80,344. This is up from \$77,753 and \$71,624 in the two prior reporting years.
- Respondents indicating an interest in continuing education beyond apprenticeship remained steady at 44%.

WTCS Apprenticeship Enrollment Trend

WTCS enrollments across all apprenticeship programs increased from 6903 to 7588 unduplicated, and 7450 to 7696 duplicated, students by the end of 2018-2019 academic year. That is a 9.9% and 3.3% increase, respectively, in one year. A current mid-year snapshot for 2019-20 is showing 7524 enrolled apprentices. Confirmed actual enrollment for the 2019-20 academic year will not be available until August 2020.

Active WTCS-BAS Apprenticeship Programs, By Sector, Occupation, and College as of January 2019

The master chart of all apprenticeship programs with related instruction offered through the WTCS colleges can be found here via the following link. "Active" is defined as approved programs with enrollments in the past two years. The color-coded chart can be found on the MyWTCS website here: [WTCS Active Apprenticeship Programs March 2020 \(Color Chart\)](#)
