Receiving WiTrac Event Alert

The screenshot displays a web interface for receiving WiTrac event alerts. At the top, a map shows a location near 'Dome Lanes' with street names 'University Dr', 'Shore Dr', and 'Woodland Rd'. Below the map is a table with four main sections: 'Mass Casualty Incident', 'Available Beds', 'Other Capabilities', and 'Contacts'. The 'Mass Casualty Incident' section is circled in red and contains three rows: 'MCI Red', 'MCI Yellow', and 'MCI Green'. The 'Available Beds' section lists various bed types and their status. The 'Other Capabilities' section shows 'NDMS' as 'No' and 'Trauma Level' as 'Level III'. The 'Contacts' section lists '24/7 Contact Phone', 'Satellite Numbers', and 'Wiscom Name'.

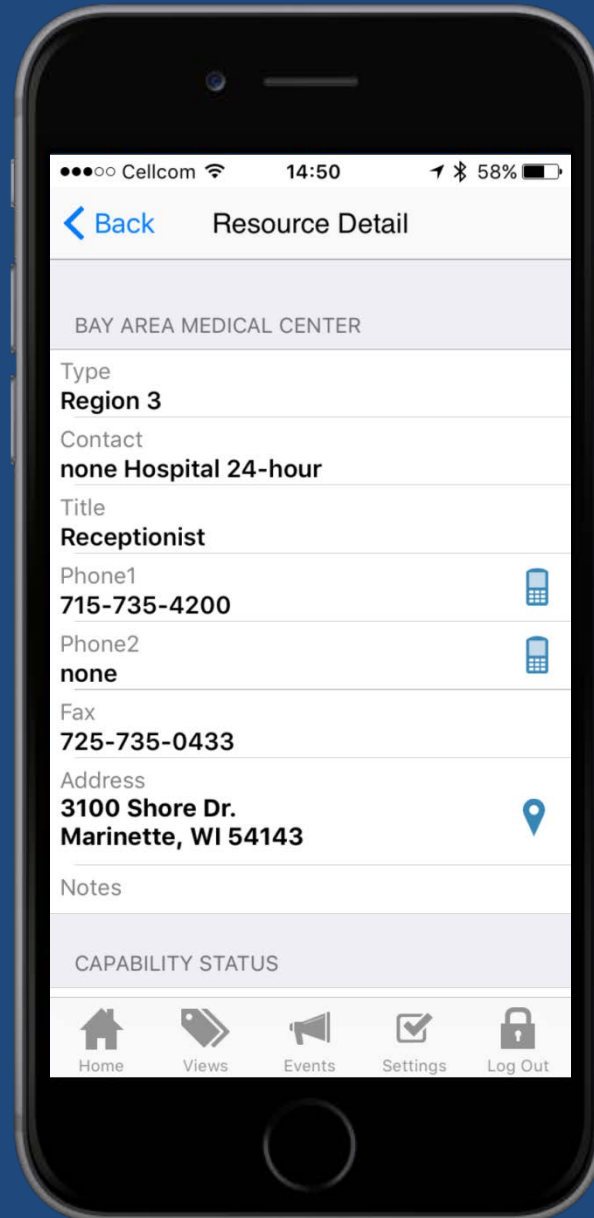

Mass Casualty Incident	Status	Comment	Last Update
