

Report for SDMAC Vaccine Distribution Phase 1b Inclusions - Combined results

Response Counts

Totals: 15

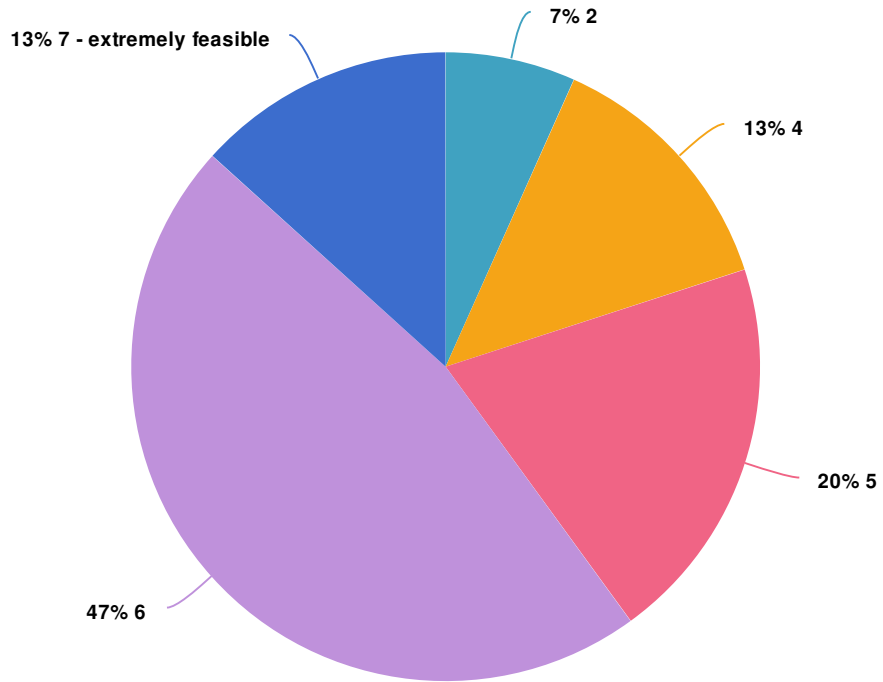

1. Ages 75+ (421,945 ppl)

Value		Percent	Responses
5		13.3%	2
6		33.3%	5
7 - extremely feasible		53.3%	8

Totals: 15

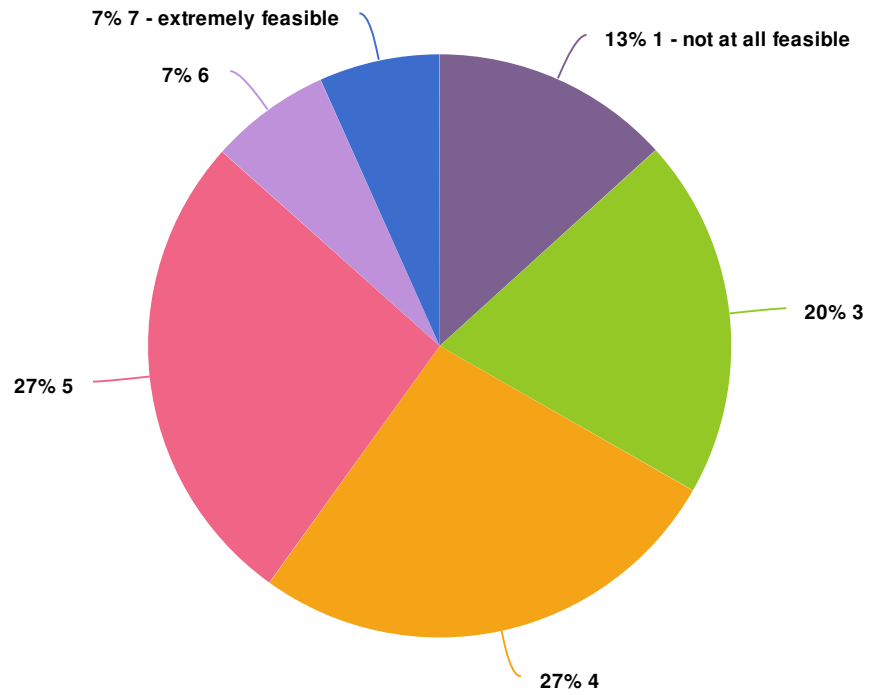

2. Ages 65+ (1,019,896 ppl)

Value	Percent	Responses
2	6.7%	1
4	13.3%	2
5	20.0%	3
6	46.7%	7
7 - extremely feasible	13.3%	2

Totals: 15

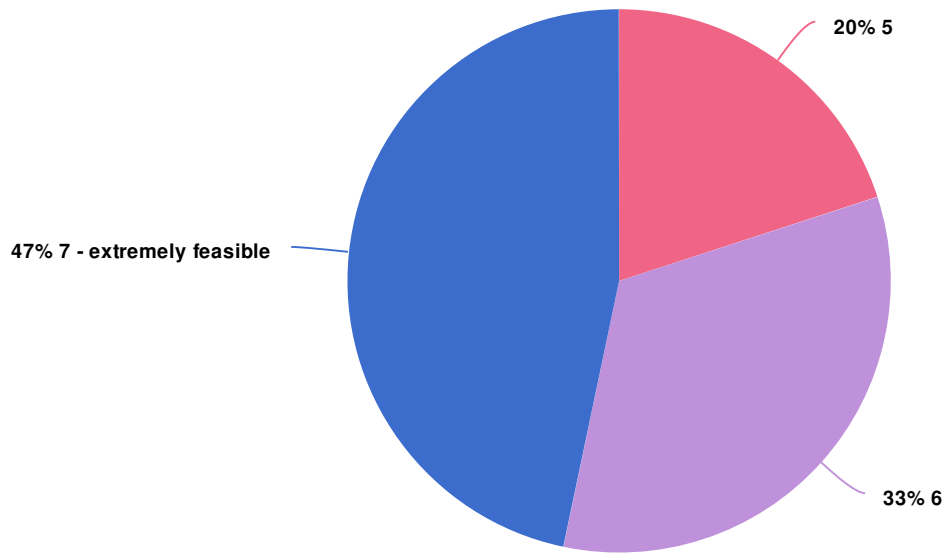

3. Ages 50+ (2,217,671 ppl)

Value		Percent	Responses
1 - not at all feasible		13.3%	2
3		20.0%	3
4		26.7%	4
5		26.7%	4
6		6.7%	1
7 - extremely feasible		6.7%	1

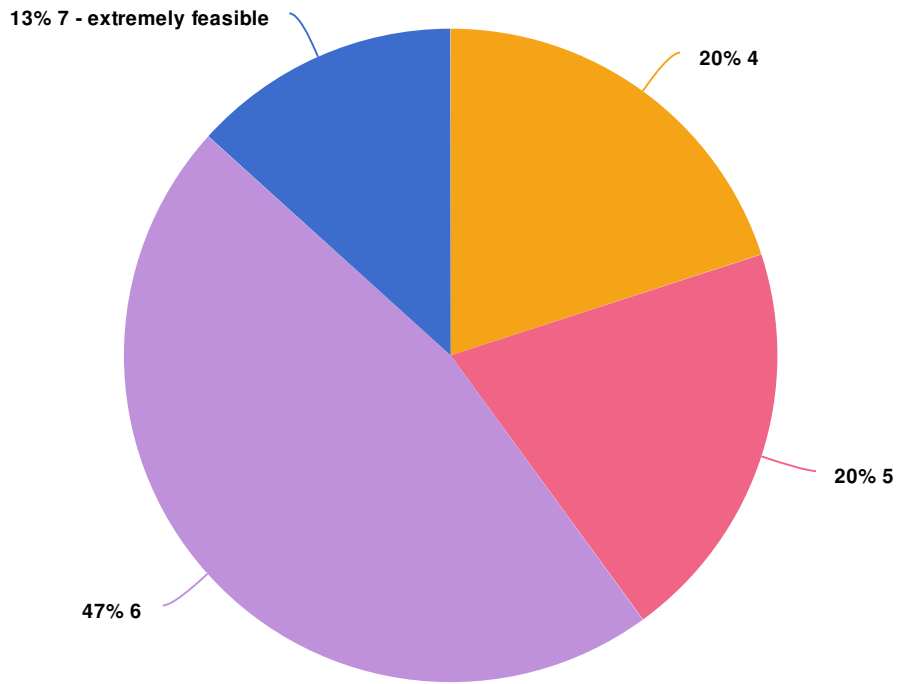

Totals: 15

4. First responders (police, firefighters etc.) (27,880 – excluding EMS captured in 1a)

Value		Percent	Responses
5		20.0%	3
6		33.3%	5
7 - extremely feasible		46.7%	7
			Totals: 15

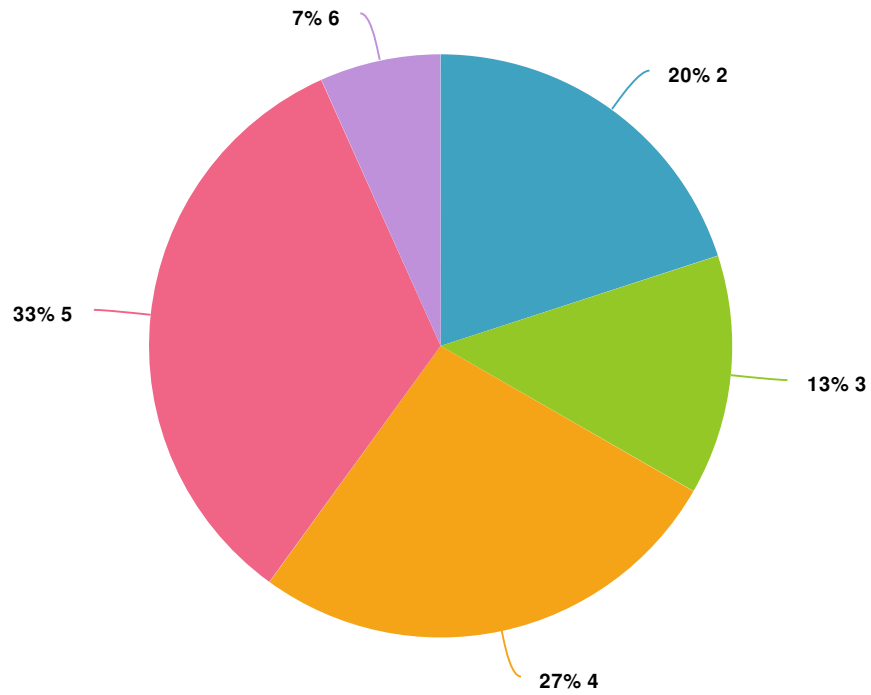

5. Education (teachers, support staff, day care) (141,700 – excluding post-secondary)

Value	Percent	Responses
4	20.0%	3
5	20.0%	3
6	46.7%	7
7 - extremely feasible	13.3%	2

Totals: 15

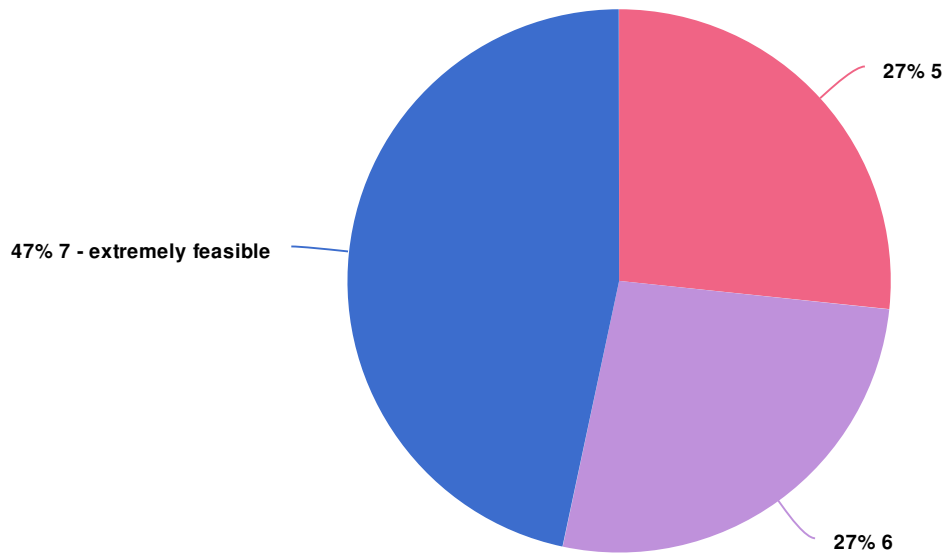

6. Grocery store workers (47,235)

Value	Percent	Responses
2	20.0%	3
3	13.3%	2
4	26.7%	4
5	33.3%	5
6	6.7%	1

Totals: 15

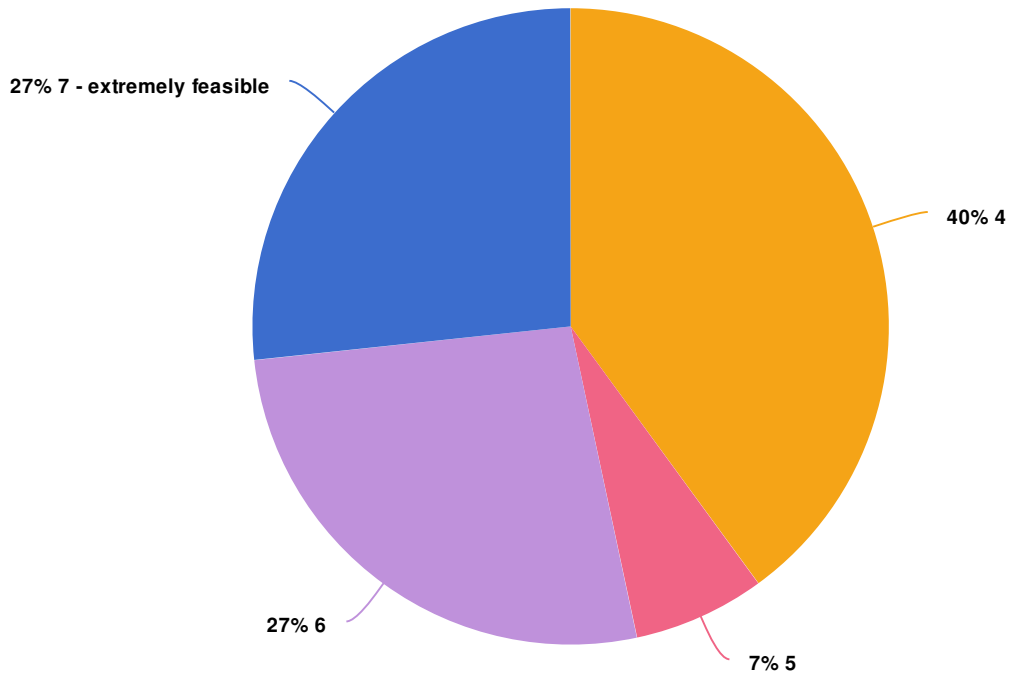

7. Correction workers (7,510)

Value		Percent	Responses
5		26.7%	4
6		26.7%	4
7 - extremely feasible		46.7%	7

Totals: 15

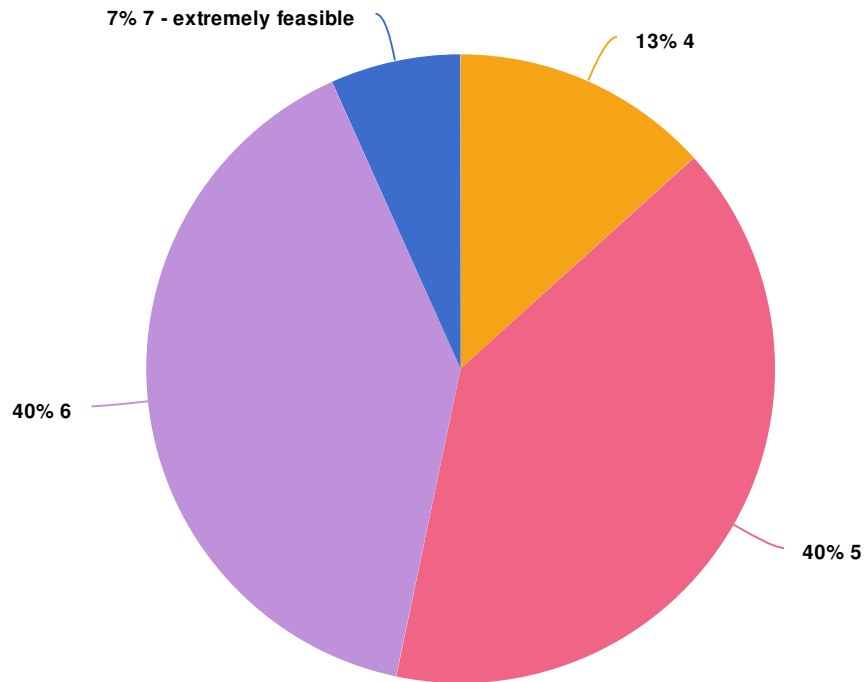

8. USPS workers (10,050)

Value		Percent	Responses
4		40.0%	6
5		6.7%	1
6		26.7%	4
7 - extremely feasible		26.7%	4

Totals: 15

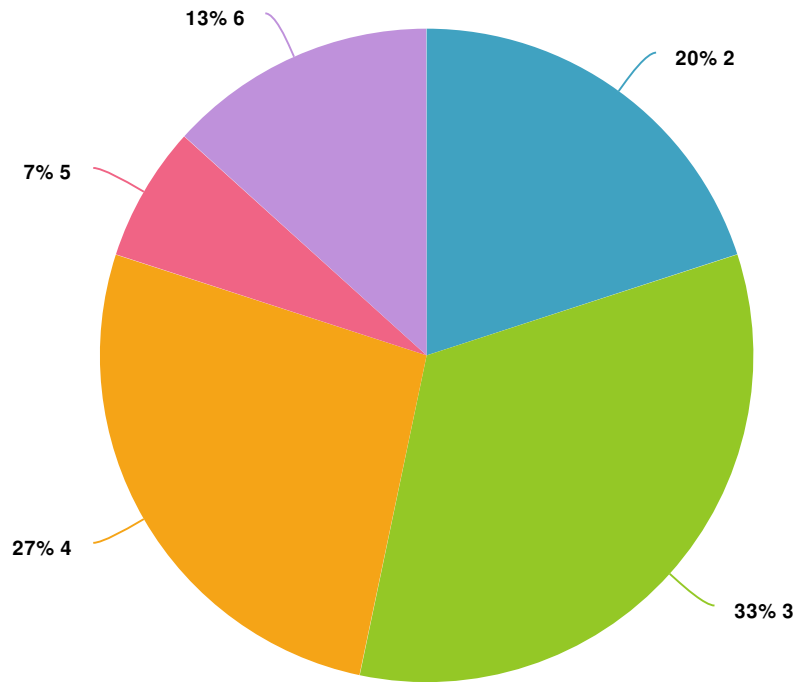

9. Public transit workers (27,560)

Value		Percent	Responses
4		13.3%	2
5		40.0%	6
6		40.0%	6
7 - extremely feasible		6.7%	1

Totals: 15

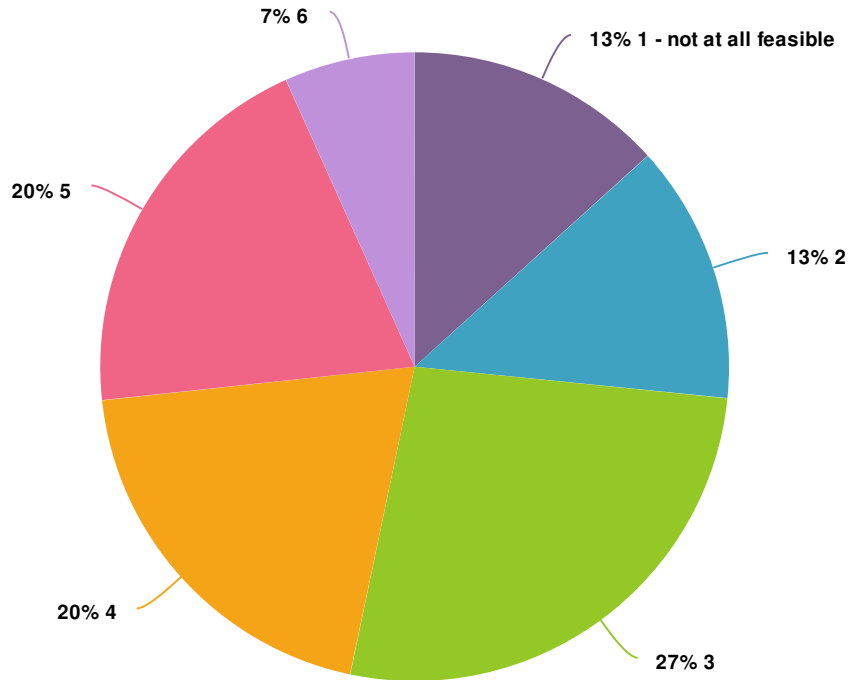

10. Food and agriculture workers (25,569)

Value		Percent	Responses
2		20.0%	3
3		33.3%	5
4		26.7%	4
5		6.7%	1
6		13.3%	2

Totals: 15

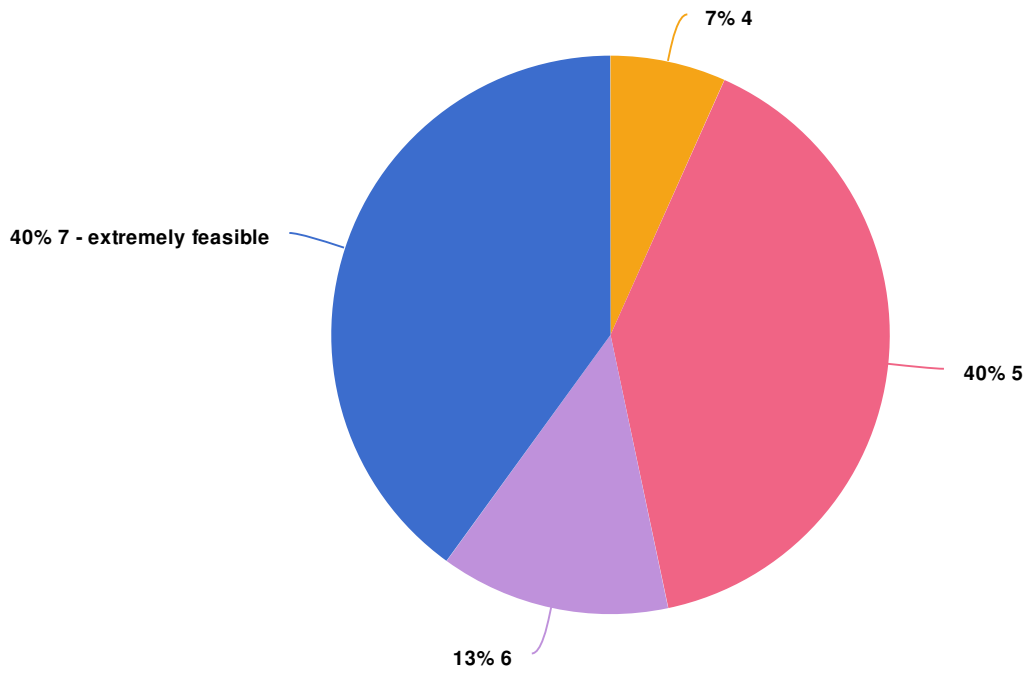

11. Manufacturing (469,879)

Value		Percent	Responses
1 - not at all feasible		13.3%	2
2		13.3%	2
3		26.7%	4
4		20.0%	3
5		20.0%	3
6		6.7%	1

Totals: 15

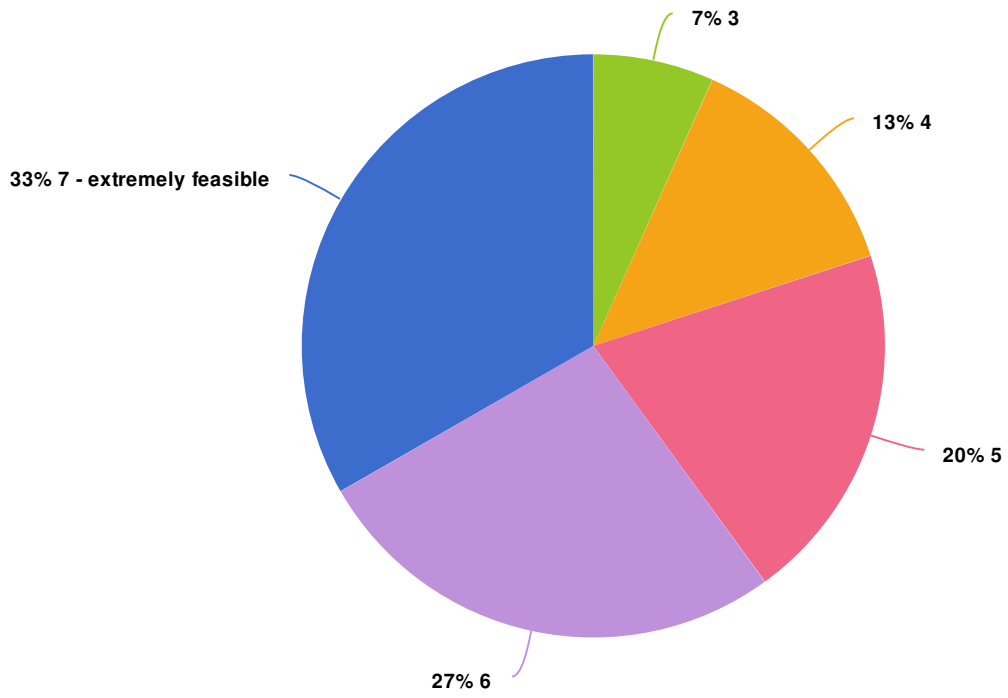

12. Incarcerated individuals (20,244 - excluding jails due to frequent turnover and frequent changest to population count)

Value	Percent	Responses
4	6.7%	1
5	40.0%	6
6	13.3%	2
7 - extremely feasible	40.0%	6

Totals: 15

13. Congregate living populations (for example, IRIS, Family Care)
(77,338)

Value	Percent	Responses
3	6.7%	1
4	13.3%	2
5	20.0%	3
6	26.7%	4
7 - extremely feasible	33.3%	5

Totals: 15

14. Add population(s) that you believe has not been represented above and assign a number 1 - 7 for feasibility.

	Group Population	Feasibility Score (1 - 7)	Responses
Your recommendation 1			
Count	6	6	6
Row %	100.0%	100.0%	
Your recommendation 2			
Count	2	2	2
Row %	100.0%	100.0%	
Your recommendation 3			
Count	1	1	1
Row %	100.0%	100.0%	
Totals			15 100.0%

15. If you were forced to rank the following population from the first to get vaccinated to the last to get vaccinated, what order would you put these populations in? (Drag and drop the options to reflect your ranking)

Item	Overall Rank	Rank Distribution	Score	No. of Rankings
Ages 75+	1		157	13
First responders (firefighters, police)	2		147	13
Education (teachers, support staff, day care)	3		123	13
Corrections workers	4		120	13
Congregate living populations	5		115	13
Ages 65+	6		101	13
Incarcerated populations	7		91	13
Public transit workers	8		74	13
Grocery store workers	9		73	13
Food and agriculture	10		56	13
Ages 50+	11		47	13
U.S. Postal service workers	12		44	13
Manufacturing	13		35	13
