1. The meeting was called to order at 10:03 a.m. by Co-Chair Pat Rodriguez, in conformance with the Wisconsin Open Meetings Law.
2. A roll call was conducted. A quorum was present.
3. The committee reviewed the current roster. The committee will elect an Employer co-chair at the 2023 spring meeting.

4. Action: approve the minutes

The minutes were approved as written.

5. Discussion Items

a. Follow-up questions on topics discussed during the BAS Director's Call with State Committees

Mr. Smith reviewed that the Directors' Call agenda includes items that pertain to most or all state committees. Discussing these items in a single forum allows the Bureau to dedicate each state committee's agenda to its own policies and content. The Bureau will include the opportunity for follow-up questions regarding the call on the committees' agendas.

The state committee did not have questions or comments.

b. Expanding the size of the state committee

Mr. Smith reviewed that the state committee had requested discussing this topic. He reviewed that the Employer and Employee sides of the committee must have an equal number of representatives; therefore, adding a member to one side requires adding a member to the other side. He explained that the Employer side of the committee includes both union representatives and non-union representatives; the number of each corresponds to the labor affiliation's percentage of apprentices.

Director Polk added that the policies ensure that each state committee includes a diversity of stakeholders and perspectives.

The state committee reviewed the nominating organizations listed in the state standards.

Action: The committee recommended the following: add Associated General Contractors of Milwaukee; add Tri-County Contractor Association; and remove the Chicago Regional Council of Carpenters.

Each Employer representative then identified his or her respective organization.

- Bunkelman, Jim - Associated Builders and Contractors of WI
- Emrick, Leigh – Associated Builders and Contractors of WI ABC
- Macejkovic, Jim – Allied Construction Employers Association
- Preiss, Tim – Associated General Contractors of Milwaukee
- Schwengels, Joe – Associated General Contractors of WI
- Smith, Aaron - Associated General Contractors of Milwaukee

Jim Macejkovic recommended that the Bureau add two Employer representatives: an additional representative for ACEA; and a representative from the Tri-County Association.

Mr. Smith and Director Polk stated the Bureau will research the request further.

c. Reimbursements for on-the-job learning and supportive services

Director Polk reviewed the corresponding flier in the meeting material.

The state committee did not have questions or comments.

d. How is the carpentry occupation preparing for potential infrastructure projects?

Director Polk explained that the Department is researching how federal infrastructure funding may affect Wisconsin Apprenticeship.

The state committee reported that it is not familiar with specific projects that may be forthcoming. The Carpentry industry performs a range of work, including certain aspects of wind and solar installation. At this time, the industry cannot project which projects will occur, so projecting training needs is difficult. Instead, the industry projects an enduring need for qualified applicants.

e. Other

The committee did not have additional topics, questions, or comments.

6. Review the program participants.

Director Polk congratulated the state committee on contributing to Wisconsin Apprenticeship surpassing 15,000 apprentices for the second time in its history.

The state committee did not have questions or comments regarding the reports.

7. The meeting adjourned at 10:55 a.m. The Bureau will schedule the next meeting via electronic survey.
