Title X Grant Forecast Announcement

- The federal Title X grant forecast announcement can be found here: <https://www.grants.gov/web/grants/search-grants.html>
- The estimated application due date from the forecast (January 3) will not be the actual due date. This date was estimated based on the anticipated funding opportunity announcement release date, which was also an estimate.

Local Health Department Interest and Readiness

- Workgroup members may share and gather information at upcoming regional WALHDAB meetings. Department of Health Services staff may be available in person or remotely to answer any Title X questions.
- Representatives shared and gathered information at the Northeastern and Southeastern regional WALHDAB meetings.
- Local health departments are discussing subcontracting services for those counties served by Health First.
