

STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES
PUBLIC NOTICE OF AVAILABILITY OF A NUTRIENT MANAGEMENT PLAN AND INFORMATIONAL
HEARING AND INTENT TO REISSUE A WISCONSIN POLLUTANT DISCHARGE ELIMINATION SYSTEM
(WPDES) PERMIT No. WI-0059544-04-0

Permittee: Matsche Farm Inc, N9035 River Rd, Birnamwood, WI 54414

Facility Where Discharge Occurs: Matsche Farm Inc, N9035 River Road, Birnamwood, WI 54414

Receiving Water: North Branch Embarrass River within the North Branch Embarrass River Watershed, and groundwaters of the state

Brief Facility Description: Matsche Farm Inc is an existing Concentrated Animal Feeding Operation (CAFO). Matsche Farm Inc is owned and operated by Scott Matsche. It currently has 9,216 animal units (5,210 milking and dry cows, 1,990 heifers, and 1,300 calves) and is proposing to expand to 10,226 animal units (5,210 milking and dry cows, 3,095 heifers, and 1,300 calves) by 2019. Construction schedules have been included in the operation's proposed permit for installing upgraded feed storage area runoff controls. Matsche Farm Inc has a total 9,832 acres available for land application of manure and process wastewater. Of this acreage, 3,500 acres are owned and 6,332 acres are controlled through contracts, rental agreements, leases, or manure agreements. Approximately 1,000 new acres for land application are being added to their nutrient management plan.

The Department has tentatively decided that the above specified WPDES permit should be reissued. This WPDES permit action is an integrated analysis action under s. NR 150.20(2), Wis. Adm. Code, and does not require a separate action under NR 150, Wis. Adm. Code.

Permit Drafter: Ben Uvaas, DNR, Oshkosh Service Center, 625 E. Cty Rd Y, Oshkosh, WI 54901, (920) 303-5433, Benjamin.Uvaas@wisconsin.gov

Informational Hearing Date, Time, and Location: **July 31, 2018, 10:00 AM, Birnamwood Town Hall, N9291 Riverview Road, Birnamwood, WI 54414**

The Department of Natural Resources, pursuant to Section 283.49, Wisconsin Statutes, has scheduled a public informational hearing for the purpose of giving all interested persons an opportunity to make a statement with respect to the proposed permit action, the terms of the nutrient management plan, and the application for this operation.

The hearing officer will conduct the hearing in an orderly fashion and will use procedures specified in Subchapter II of ch. NR 203, Wis. Adm. Code, necessary to insure broad public participation in the hearing. The hearing officer will open the hearing and make a concise statement of the scope and purpose of the hearing and shall state what procedures will be used during the course of the hearing. The hearing officer shall explain the method of notification of the final decision to grant or deny the permit and the methods by which the decision may be reviewed in a public adjudicatory hearing.

The hearing officer may place limits on individual oral statements to insure an opportunity for all persons present to make statements in a reasonable period of time and to prevent undue repetition. The hearing officer may also limit the number of representatives making oral statements on behalf of any person or group. Informational and clarifying questions and oral statements shall be directed through the hearing officer. Cross-examination shall not be allowed.

Persons wishing to comment on or object to the proposed permit action, the terms of the nutrient management plan, or the application, are invited to do so by attending the public hearing or by submitting any comments or objections in writing to the Department of Natural Resources, at the permit drafter's address. All comments or suggestions received from members of the public no later than 7 days following the date of this public hearing will be used, along with other information on file and testimony presented at the hearing, in making a final determination. Anyone providing comments in response to this public notice will receive a notification of the Department's final decision regarding permit coverage. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination.

Information on file for this permit action, including the draft permit and fact sheet (if required), the operation's nutrient management plan and application may be inspected and copied at the permit drafter's office, Monday through Friday (except holidays), between 9:00 a.m. and 3:30 p.m. Please call the permit drafter for directions to their office location, if necessary. Information on this permit action may also be obtained by calling the permit drafter at (920) 303-5433 or by writing to the Department. Reasonable costs (15 cents per page for copies and 7

cents per page for scanning) will be charged for information in the file other than the public notice and fact sheet. Permit information is also available on the internet at: <http://dnr.wi.gov/topic/wastewater/PublicNotices.html>. Pursuant to the Americans with Disabilities Act, reasonable accommodation, including the provision of informational material in an alternative format, will be made to qualified individuals upon request.

PUBLISHING NEWSPAPER: Shawano Leader, 1464 E Green Bay St., Shawano, WI 54166

Date Notice Issued: June 28, 2018
